Awards Content: Eye Surgery Meet 2020

Ahmet Kati[*]
Hod, SSITE, United Kingdom

Expert Level

The award is recognition to the professionals who have made outstanding contributions to Optometry and Vision Science research development. It is the symposium's most prestigious award and is designated as the Scientific Service Achievement award. The eligibility criterion for this award is that you must have at least 20+ years of public or private sector related experience. The winner of this award must have a committed interest and take the initiative to study recent trends and innovations on Macular Degeneration Science topics. You can nominate deserving personalities for this award online.

Professional Level

The award is for professional or academic researchers experience gained in the field of Optometry and Vision Science in the public domain or private sector for experts with the most vital accomplishments having 10+ years of research experience in the field Optometry and Vision Science . The experience of part-time work will be regarded as a pro-rata. It is measured from the date you received the (first) degree which entitles you to begin a doctorate (either in the country where the degree was obtained or in the country where the researcher is recruited), even if a doctorate was never been initiated or expected. You may apply for the award online.

Scholar Level

The conference is presenting the Scholar Level award for future scientists, researchers, and experts with 10+ years of Optometry and Vision Science research experience. Our conference Eye Surgery Meet 2020 aims to offer the best platform for expanding your network by sharing your on-stage research knowledge. Presentation involves 25-30 minutes of oral debate on the conference theme-based scientific research topics along with 5-minute panel discussions. You can nominate online deserving of the award.

Women Scientist

Our conference provides women scientists with a unique platform for an in-depth analysis of the latest research projects. We cordially welcome university/industry women scholars and scientists with 10+ years of research experience to join the forum. We are glad to encourage our women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women scientists can nominate deserving of the award online.

Outstanding Speaker

The award honors the recognized individuals who have present their initiatives, approaches, and schemes to boost long-term performance Optometry and Vision Science. The award should motivate individuals to strive to realize their fullest potential which could in turn be beneficial. Epic works are not only a testament to the individual's efforts, but they also have the potential to change the whole world as they can lead to gain knowledge from the presentations based on the research technologies related to Pharmaceutical sciences.

Best Keynote Speaker

The award recognizes the Best Keynote speakers who will present their projects, strategies, and schemes to improve long-term excellence in Optometry and Vision Science.
